

Bath and District Youth Cricket League

League Administrator's / Honorary Secretary's Report

The Good.....

- The feedback I receive is almost exclusively positive leaving me the impression most things with the League, its rules, structure and administration is right.
- Finals' Day at Keynsham was excellent - great facilities, umpires, good contests, spirit of cricket upheld, etc. In my opinion, the best yet.
- Result reporting was an improvement.
- Clubs remained very supportive of me, and each other, particularly in difficult times.
- The principle of getting as much cricket played by as many as possible appears more deep-rooted and the 'must win' attitude far less.
- Bath Under 13s won the National Under 13 KO Competition remaining undefeated throughout (I think)
- Westbury (Neil Hawker) kindly made the effort to organise and host a Plate Cup Competition at Under 15. Although only 7 teams participated, it provided more cricket during the better weather spell, that otherwise wouldn't have been played otherwise. Was enjoyed by all.
- International Girls cricket at Bath CC

The Bad.....

- The weather had a huge impact throughout the season and of the 400+ games, unfortunately, around 30% of games were lost.
- League fees were outstanding for far too long having been issued with the handbooks in April.
- I still feel we are not maximising all of our opportunities and lack an succession with the League Management team is a cause for the longevity of the League.

Significant Growth In Competing Teams:
